# WORDS OF ADVICE

## KAREN DARRINGTON

Holds 18 IGA Championship Titles

"Keep track of tournaments and scores you play in and shoot in high school. If possible, play in as many big tournaments that are available in your state. Contact college coaches and tell them you are interested in their school!"

## NICK BLASIUS, PGA

Executive Director | The First Tee of Idaho

"I urge all junior golfers to enjoy golf as more than a game. Golf is a sport that can be spent with family and friends both in a competitive and non-competitive environment. It truly is special and unique. In addition, many life lessons can be learned through golf, so take the time to enjoy every step, swing, and holed putt; regardless of your score."

## DR. BOB ROTELLA

American Sports Psychologist | *Golf is Not a Game of Perfect*

"A golfer can't force results to happen. He can only do everything possible to give those results a chance to happen. As Tom Watson once put it, to become a really good golfer, you have to learn how to wait. But you have to learn to wait with confidence."
